“God’s Goodness”

During the month of June, we celebrate several holidays and special events.

We observe the holidays of Children’s Day, Father’s Day, and Juneteenth Day. Additionally, many celebrate high school graduations, and weddings, and attend family reunions and other social events. For some, this year’s special days will mark the beginning of getting back to a sense of normalcy after a global pandemic. Yes, instead of gathering virtually, there will be many in person gatherings. Gatherings of loved ones and friends, who have not been in each other’s company for over a year. Gatherings made possible by the hands of God working through individuals in the medical research field to create a vaccine, medical professionals to administer the vaccine, as well as, trusting and/or selfless individuals willing to have the vaccine injected into their arms.

Research into the coronavirus vaccine shows virus researchers have been working on this vaccine many years before COVID-19 was detected in human beings. Yes, God had started the process to bring us to where we are today before it was even needed. Although this virus has caused more deaths than we care to count, and disrupted and forced significant changes in our lives, it did not erase the human race from the face of this earth. The vaccine was developed, produced, approved, and administered in Kairos time. Yes, because of God’s awesome power and prevenient grace, we have hope in the arrival of herd immunity when social distancing will not be necessary and facial masks can be removed. In the meantime, we have the blessing of being able to enjoy being in the presence of a few loved ones and friends.

Prayer: Dear Father in Heaven, we thank you for the members of the medical field, who have made it possible for us to receive a vaccine that will help individuals battle the coronavirus. We also pray sufficient people will get fully vaccinated to help reduce the adverse effects of the virus. In Jesus name we pray. Amen.

Challenge for the Month: If you will be enjoying a family gathering or social event with people you have not seen during the last twelve to fourteen months, don’t forget to thank God. Thank Him for ability to fellowship in person again.
